VENTURING · BSA

These courses have been designed to optimize the available time so that you get as much as possible out of the course. Arriving late, leaving for a short time or leaving early will disrupt the dynamics. All of the information being presented is important; missing part of the course will lead to an incomplete and you will not be considered trained.

The training courses you are taking are designed to allow for a free flowing exchange of ideas and comments between the volunteer staff and yourself. This combined with space limitations and inadequate supervision, does not allow for children to attend.

Woodsman's Thong

The Scout Handbook and Fieldbook come to life... Woodman's Thong is the locally developed advanced Boy Scout outdoor skills course. The course will inspire adult and boy leaders to try, learn and teach Scout skills beyond basic First Class levels to enhance their Troop's outdoor adventure program. More than two dozen topics are present by veteran Scouters covered during the course.

Veteran Scouters who demonstrate numerous Scouting skills lead the "Thong". Boys must be leaders in their troops; hence they are required to have earned Star Scout.

This year Woodsman's Thong will be held October 30 – 31, 2010. For additional information and to register, look for the separate Woodsman's Thong flyer.
